Your Child Deserves The Best...

LATE SHRIMATI SHANTI RAGHAVE (FOUNDER /CHAIRPERSON ANGELS GROUP OF INSTITUTIONS)

Smt Shanti Raghav began her journey by establishing a nursery school in the year 1966 at her Vishwas Nagar residence.

Single handedly looking after the school she got the school recognized up to Vth standard from D.M.C. As the school grew under her supervision she decided to shift the school to a bigger plot adjoining her residence. With her consistent efforts and immense hard work ANGELS PUBLIC SCHOOL VISHWAS NAGAR became the first school of Shahdara Angels education society to be affiliated and recognized with C.B.S.E Delhi up to senior secondary level with all three streams. As the institution progressed with no of students going from 100 to 1200 students over the years, Smt Shanti Raghav decided that she would dedicate her life to the field of education and established second school of ANGELS GROUP OF INSTITUTIONS in Faridabad in the year 1995 in sector 21A equipped with modern labs and best in class infrastructure on an area of 2.25acre of land and the school became Maverick in the field of education.

Less did the world know that Shrimati Shanti Raghav will be bringing waves in the field of education and will be making her mark forever in the field of education, following the successes and consistent academic performance of both the schools she established third school in Delhi-96 at Vasundhara Enclave in the year 2009 under the umbrella of Shahdara Angels Education society. The school till date is showing excellent academic and co curricular performance in all the three streams Science, Commerce and Humanities and is one of the leading school in the surrounding area. The school is based in a building having basement +5 floors with lift facility.

The Iron Lady did not stop here, her vision grew and her wish to provide quality education in rural and semi rural areas of her husbands native place Banel- Pahasu Khurja, Bulandshar .U.P.

Her wishes were fulfilled by God's Grace and her immense hard work when She decided to establish a school with best infrastructure and world class facilities in PAHASU. ANGELS PUBLIC INTERNATIONAL SCHOOL stands tall with a magnificent building and best in class labs and classrooms. She was a perfect blend of modernity and tradition, she established smart classes in PAHASU branch too like all the branches of ANGELS PUBLIC SCHOOLS to make sure that education even in rural areas is provided in a modern and creative way. Brick by brick Smt Shanti Raghav have built an empire that no one could have imagined. Its only due to her hard work and devotion that the society has received four institutions having Pre School to Senior secondary level education facilities and affiliation from CBSE.

Shrimati Shanti Raghav was diagnosed with stage three Cancer while she was working day and night for affiliation of Angels Public International School PAHASU. Even though she was struggling with pain and illness from her weak medical condition, she never stopped working for a day and with her efforts and hardwork PAHASU branch also got affiliated to CBSE up to senior secondary level with all the three branches i.e. Science, Commerce & Humanities with Computer Science.

Her struggle with her illness ended on 1st July 2019 when She left for her heavenly abode. Even though she is not among us today but her blessings and teachings continue to inspire every member of the management teachers and students of ANGELS PUBLIC GROUP OF INSTITUTIONS and she lives among us as an inspiration, as an idol and as a person whose dedication hard work and humility still continues and will always continue to contribute to society and make it a better place.

From the Chairman

Dear Parents,

Our children are the hope & future of our Country. The tridimensional growth of children in respect to their mental agility, physical strength & emotional maturity are the motto of our School. The School authorities including the faculty and other staff with active participation and coordination with the parents are dedicated to make inroad for a visible and overall development to our children.

At Angels Public School, We have created a healthy atmosphere where every child gets an ample opportunity to sharpen their skills, update their knowledge & learn to manage their emotions. So as to become a mature citizen of tomorrow, who will shoulder all responsibility in true spirit, excel in this endeavour, parents are also expected to work together with school authorities for achieving the overall motto of child development.

Child spends considerable time in school. However emotional stability comes from the home environment. It is the parents' attitude towards children and quality as well as quantity of time spent with their children is a vital factor for their development. Accordingly it is expected that parents will be conscious of their role and its impact on child development. We expect that parents should take active interest in parents teachers meeting held periodically (last day of every month) and share their views with teachers so that no stone is left unturned to make meaningful development of our children.

We are hopeful that our children will work hard to fulfill the vision 2020 whereby India shall achieve the status of world most developed nation.

N.S. Raghav
Chairman

FROM PRINCIPALS DESK

Mrs. Shipra Lal

"When you educate one person you can change a life, when you educate many you can change the world" - Shai Reshef

Education connects you with the stories, theories and accomplishments of faraway cultures and generations. We at Angels develop critical thinking. Our students start questioning why things are the way they are. At Angels students learn to develop the courage to do things differently in their lives and lead the nation to an impactful transformation.

Govt. of NCT of Delhi**

AWARD OF HONOUR

India is a throbbing democracy. A nation can be made strong if its foundation (Children) are imbued with perspicacity, assiduity and a burning desire to touch the dizzying heights of success. Success shorn of moral values is like a desert. Therefore, I am conferring this **Award of Honour** with the advice to the heads of the Academic Institutions, educators and teaching fraternity to lay more emphasis on imparting the moral values to equip the students to stand up to the injustice perpetrated on society.

Though the public schools in Delhi are contributing their mite in no less measure in this direction, yet our nation can be metamorphosed into a formidable entity only if all the Academic Institutions feel their responsibility to produce noble and enlightened citizens. Delhi Govt. is also very eager to go to any extent to help realize this dream.

This Award is conferred on the recommendations of The Federation of Public Schools, Delhi.

SCHOOL CAMPUS

Spread over an area of 3.2 acres of land Angels Public School Vasundhara Enclave's Infrastructure best supports classroom learning and sports activities.

**SCHOOL CLASSROOMS (Equipped with TATA edge Smart classes)****ANGELS PUBLIC SCHOOL**

Founded in 1966 Shahdara Angels Education Society has Four Senior Secondary Schools under its umbrella and all are recognized and affiliated to C.B.S.E. till secondary level.

The school was established in 1975 as an English Medium Co-Educational institution considering the paramount need to provide an opportunity to young children to obtain good education in all its encompassing sense and particularly to inculcate cultural refinement and enlightened horizons. It has undergone changes over a large span of time. The teaching in the junior division is continually developed and updated with the latest researches going on and best methods are used for teaching the toddlers. Which does not recommend equal parts of the pre-school syllabus but suggests that the learning by the toddlers should be in accordance with the child's physical, mental and psychological growth.
